A DELICATE COLLECTION WITH ART DECO LINES

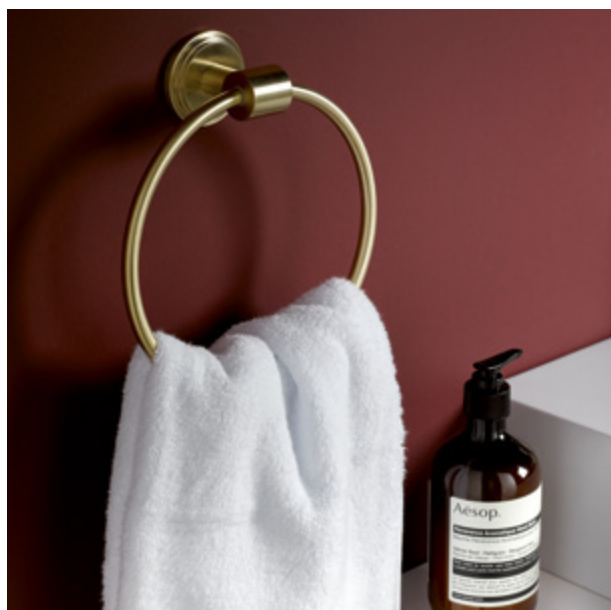

Pierre-Yves Rochon once again combines his creativity with the know-how of the THG Paris House, creating «Le 9» collection.

Referring to the mythical address of Pierre-Yves Rochon, 9 avenue Matignon, this collection comes in line with the House's iconic creations.

This year, the decorator adopts a new material: the howlite stone that sublimes the Art Deco lines of this faucet. Reflecting the know-how of the THG Paris workshops, «Le 9» collection takes us back in time with infinite delicacy.

TRANSITIONAL COLLECTIONS

THG Paris transitional collections combine the comfort and warmth of the traditional style with the pure lines and understated shapes of the contemporary style.

PIERRE-YVES ROCHON

Before opening his proper office at 30 year old, Pierre-Yves Rochon worked for well-known brand-names for contemporary decorators where he could test all the trends and styles.

His first creations - often under competition - were shared between offices, flats, houses and especially the famous "Crayères" hotel in Reims which would be the beginning of a real conquest of the prestigious international hotels trade.
