A MUST-HAVE INSPIRED BY THE VIBRANT DISTRICT OF NEW-YORK

Broadway is a classic, a must-have but one which does not take itself too seriously!

The “twisted” spout is the little detail that lends real character to this design, which is inspired by the vibrant, show-business district of New York. The different versions in this collection are all customisable to give a unique feel to your bathroom.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

Broadway is available in several versions: cross handles (A52), levers (A04).

TRANSITIONAL STYLE

This new term which originates from North America defines a style midway between the sophisticated aspect of the contemporary style and the elegance of the traditional style.

THG Paris transitional collections combine the comfort and warmth of the traditional style with the pure lines and understated shapes of the contemporary style.
