A FEMININE AND FLORAL COLLECTION

In this feminine collection decorated with a classic art of porcelain motif, the flowers on the cross handle seem to rise up and detach themselves from the pristine white porcelain.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

TRANSITIONAL COLLECTIONS

THG Paris transitional collections combine the comfort and warmth of the traditional style with the pure lines and understated shapes of the contemporary style.

The corresponding brass, old silver and nickel finishes are often associated with this style.

PIERRE-YVES ROCHON

Before opening his proper office at 30 year old, Pierre-Yves Rochon worked for well-known brand-names for contemporary decorators where he could test all the trends and styles.

His first creations - often under competition - were shared between offices, flats, houses and especially the famous "Crayères" hotel in Reims which would be the beginning of a real conquest of the prestigious international hotels trade.
