## AN ICONIC FRUIT EMBLEM OF FRENCH CHIC

Fruit of the collaboration between Jean-Claude Delépine and THG Paris, the Mandarin collection has become the icon of THG Paris and the emblem of French chic.

With the paradox between its simplistic form and its versatile style, this collection can adapt equally to retro metal aesthetics, as well as to a prestigious and baroque atmosphere when the brace is adorned with sculpted crystal.

The Mandarin collection is available in a classic metal version as well as in a more precious version with crystal and diamond cut crystal.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

## PRESTIGE STYLE

The Prestige collection from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance.

The gold or pale gold finishes go perfectly with the eminent designs.
