## PORCELAIN, GOLD AND CRYSTAL

THG Paris has created a very luxurious series of fittings in collaboration with the manufacture de Monaco. In the Monte Carlo series in chic-baroque style, porcelain handles are carved using a very detailed and distinct technique to traditional techniques.

We are talking overlay, which involves working into the porcelain to bring out the pattern. Then, 24 carat matt gold, in yellow or white, is applied in three layers with annealing between each step. The final step is to insert delicately, one by one, the crystal Swarovski chopsticks.

## PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.

## MANUFACTURE DE MONACO

Established in 1972, the manufacture de Monaco is a leader in fine, quality porcelain which is distinguished by its very white, translucent aesthetics.

This quality is achieved by enlisting the unique skills of expert craftsmen who use technical and innovative methods.

Since 1985, the manufacture de Monaco has been the appointed purveyor to His Serene Highness the prince de Monaco.
