CONTEMPORARY-CHIC FRUIT BORN FROM AN EXCEPTIONAL EXPERTISE

Pomme is a clean, contemporary-chic bath collection formed in collaboration with the crystal house Lalique. Its handles takes the shapes of apples, which can be finished in clear satin or gold luster crystal.

The collection is balanced by an intricately designed spout that resembles a branch, with concave curves on its sides in an architectural, modern form, creating an organic feeling of unity throughout the piece. In addition to requiring advanced skills to create each sculptural piece, producing the gold luster tone requires a very special process conducted by Lalique's skilled artisans.

PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.

LALIQUE

For more than 100 years, Lalique's manufacture located in Alsace, area renowned for its glass making, has perpetuated a traditional know-how. The Lalique style is easily recognized through the manual modelling of the shapes and patterns.

Its clear and matt crystal is full of softness, femininity, nature with strong Art Nouveau and Art Déco inspirations. Through an artistic gesture, Lalique metamorphoses raw materials into unique artworks.
