## OPULENT AND LUXURY COLLECTION INSPIRED BY PARISIAN ARCHITECTURE

Part of the Prestige collection, Trocadéro is named after the famed Parisian street and metro stop, which is home to some of the city's most regarded sights, among them, the Eiffel tower.

An equally inspired name, Jean-Claude Delépine, designer for some of the world's most coveted jewelry brands, has created an equally opulent offering for luxury faucet French atelier THG Paris.

Encrusted with fine stones reminiscent of those usually reserved for royalty, Trocadéro gleams with anticipation.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

## PRESTIGE STYLE

The Prestige collection from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance.

The gold or pale gold finishes go perfectly with the eminent designs.
