

## MATT CHROME

This matt version, a little more sombre than the polished version, suits current fashion trends. The design aims to be paradoxical, merging products with careful details in a raw, matt finish. Matt chrome is particularly suited to contemporary and industrial designs, creating a distinctive product.

Reference: C02

## CHARACTERISTICS

Chrome is created over a thick brushed nickel underlay. It is a durable finish which is virtually impervious to wear or scratches. Its resistance to corrosion and common bathroom cleaning products make it a benchmark in bathroom décor finishes.

## ADVICE

Ease of cleaning: Very easy  
Corrosion resistance: Excellent  
Scratch resistance: Excellent  
Resistance to cleaning products: Excellent
