

## SOFT GOLD

This finish adds a chic and elegant touch while keeping a discreet, delicate charm and a particularly French air of exclusive luxury. Soft Gold, with its more vintage appearance, is used both in jewellery and for interior design, making it a favoured coating for contemporary and industrial tap fittings.

Reference: F30

## CHARACTERISTICS

The soft gold finish is the result of a deposit of 24 carat gold 0.5N, over a brushed nickel underlay.

## ADVICE

Ease of cleaning: Delicate  
Corrosion resistance: Good  
Scratch resistance: Delicate  
Resistance to cleaning products: Good
