TIMELESS AND SENSUAL CURVES

The famous ring designed by Andrée Putman for Christofle in 2002 is neither really round, nor oblong, twisting on the flat and rounded effect. It is the perfect embodiment of modern luxury.

It is now being introduced into the intimate environment of bathrooms, embellishing basins, bathtubs and various fixtures.

Available for basins, showers and baths, with a coordinated accessories line, this O series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

CONTEMPORARY COLLECTIONS

Straight, graphic or sometimes curved lines, THG Paris contemporary bathroom fittings are pure and understated.

The chrome and pink gold finishes are ideally suited to this style.

O COLLECTION

For over 30 years, the Studio Putman has offered an original way of understanding objects and spaces, their meaning and their use.

Since 1830, Christofle has been taming and beautifully enhancing silver, a material unlike any other: shiny without being showy, unpretentiously intelligent, versatile yet sincere.

By combining the talents of Christofle, the studio Putman and THG Paris, the sensual curves of the O collection evoke the movement of water.
