

CHARLESTON COLLECTION

Ref. G29 Charleston - G75 Charleston à manettes

BATHROOM ICON SINCE 1920'S

Thanks to its 1920's aesthetics with rhythmic and dynamic curves, the Charleston collection is a bathroom icon, crossing the decades with brio. Sold with levers, the Charleston collection also offers either a more industrial (with metal) or precious (with porcelain) feel.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

Charleston is available in several versions: cross handles (G29), levers (G75).

TRANSITIONAL STYLE

This new term which originates from North America defines a style midway between the sophisticated aspect of the contemporary style and the elegance of the traditional style.

THG Paris transitional collections combine the comfort and warmth of the traditional style with the pure lines and understated shapes of the contemporary style.
