TRAVEL THROUGH A BED OF CLOUDS

The Ange bath collection occupies a prominent space in THG Paris' cristal de Lalique collection, in collaboration with the premier French crystal house Lalique. Ange creates the experience of floating on a bed of clouds with angels using the precise art of bas-relief etched in the finest Lalique crystal with a series of charming cherubs inset along the cylindrical fitting.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.

LALIQUE

For more than 100 years, Lalique's manufacture located in Alsace, area renowned for its glass making, has perpetuated a traditional know-how. The Lalique style is easily recognized through the manual modelling of the shapes and patterns.

Its clear and matt crystal is full of softness, femininity, nature with strong Art Nouveau and Art Déco inspirations. Through an artistic gesture, Lalique metamorphoses raw materials into unique artworks.
