A COLLECTION THAT REINVENTS BAROQUE CODES

Among the first creations of THG Paris in partnership with the Christofle company, the Malmaison collection uses and reinvents baroque codes. Sculpted metal, motifs inspired by Roman architecture and crystal, this opulent and iconic collection gives the bathroom real character.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.

CHRISTOFLE

Since 1830, Christofle has been taming and enhancing silver, a material unlike any other: shiny without being showy, unpretentiously intelligent and versatile yet sincere. Its radiance perfectly accompanies the finest tables and exceptional occasions.

From ultra-modern interiors to baroque castles, silverware pieces convey the essence of the "French art de vivre": a discreet luxury synonymous with warmth, intimacy and pleasure shared.

Christofle expresses its values from salon to coffee table to fireplace.
