

SENSUAL FEEL FOR AN ODE TO FEMINITY

The satin finish of the nymph's figure mimics the soft and sensual feel of skin while her form, sculpted in relief on the crystal handles, complete with beads of water adorning her long tresses and fluid sense of movement, further the ethereal feeling of work. The clean, sinous form of the faucet complement the theme perfectly to create a fixture with a hint of hidden magic ideal for the bath.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.
