## PARADOX OF AN AUDACIOUS DESIGN

Designed by Marie-Claude Lalique, the fixture embodies the sensual power of the feline form. In preparation for the hunt, the cat's nimble silhouette is portrayed stalking through the grass, her strong musculature covered with crystal fur. Textured handles are topped with a smooth, delicate surface followed by the Lalique imprint etched in metal.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

## PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.

## LALIQUE

For more than 100 years, Lalique's manufacture located in Alsace, area renowned for its glass making, has perpetuated a traditional know-how. The Lalique style is easily recognized through the manual modelling of the shapes and patterns.

Its clear and matt crystal is full of softness, femininity, nature with strong Art Nouveau and Art Déco inspirations. Through an artistic gesture, Lalique metamorphoses raw materials into unique artworks.
