

FASCINATION WITH THE DELICATE BEAUTY OF BUTTERFLIES

The Papillon faucet represents Lalique's fascination with the delicate beauty of these creatures. The crystal butterflies sit atop the handles as if suspended in time, poised to take flight at any moment. Master artisans have accomplished the near impossible and captured both a sense of movement and fine detail.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.

LALIQUE

For more than 100 years, Lalique's manufacture located in Alsace, area renowned for its glass making, has perpetuated a traditional know-how. The Lalique style is easily recognized through the manual modelling of the shapes and patterns.

Its clear and matt crystal is full of softness, femininity, nature with strong Art Nouveau and Art Déco inspirations. Through an artistic gesture, Lalique metamorphoses raw materials into unique artworks.
