FLORAL INSPIRATION WITH PURE AND DELICATE LINES

The Pétale de Cristal collection is an original collaboration between the talents of a French crystal manufacturer, Baccarat, and a stylish master tap maker, THG Paris.

This encounter has given birth to a unique collection with pure and delicate lines, inspired by flowers and designed by Pierre-Yves Rochon.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

PRESTIGE COLLECTIONS

The Prestige collections from THG Paris are part of the company's DNA. Adorned by semi-precious stones, crystal or porcelain, prestige bathroom fittings often have a classic shape but reveal a rare elegance. The gold or pale gold finishes go perfectly with the eminent designs.

PÉTALE DE CRISTAL

Before opening his proper office at 30 year old, Pierre-Yves Rochon tested all the trends and styles, which allowed him to win the prestigious international hotels trade.

Founded by appointment of king Louis XV in 1764, Baccarat has been continually growing, pushing the boundaries of creation and spreading the prestige of crystal to the four corners of the globe.

By combining their expertise, Baccarat, Pierre-Yves Rochon and THG Paris have created the Pétale de Cristal collection, a modern and refined jewel which will sublimate your bathroom.
