## CONTEMPORARY COEXISTENCE OF ROUND AND SQUARE SHAPES

A perfect illustration of elegance through sobriety, the Beluga series is anchored in a resolutely contemporary style for which THG Paris is less known.

The permanent co-existence of round and square shapes softens the dominant metal characteristics of these bathroom fittings.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

## CONTEMPORARY STYLE

From its extensive choice of designs, THG Paris proposes collections in a contemporary style.

Straight, graphic or sometimes curved lines, THG Paris contemporary bathroom fittings are pure and understated, but always elegant.

The chrome and pink gold finishes are ideally suited to this style.
