FLOWING LINES AND
A SOPHISTICATED DESIGN

It is through working on joint projects, such as luxury yachts and prestigious villas that THG Paris and Alberto Pinto crossed path. The well-known interior designer, who is always on the look out for new challenges, offered to create an exclusive range with flowing lines and a sophisticated design. Entitled ''Le 11 by Alberto Pinto'', this series evokes the mythical address of a Parisian town house, just a stone's throw from Pinto's interior design and decoration studio.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

CONTEMPORARY COLLECTIONS

Straight, graphic or sometimes curved lines, THG Paris contemporary bathroom fittings are pure and understated.

ALBERTO PINTO

Borrowing from various cultural influences from his earliest childhood, Alberto Pinto, an inescapable actor of interior design, has built his works on the interbreeding and mixture of genders from more than baroque to less than bare.

Under the direction of Linda Pinto and with a team of 80 employees, it is today an interior design office whose domains of intervention cover not only the realization of private residences, office buildings, hotels but also yachts and private jets.
