## FLOW OF GEOMETRIC SHAPES

“The fluidity of the design that gently encompasses squares and curves evokes the simplicity of natural movement, the flow of water. The flow of geometric shapes can be declined throughout the bathroom offer: from the 3-hole basin mixer to single lever basin mixer, the shower set down to the towel ring.”

**Olivia Putman**, Studio Putman’s artistic director

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

## CONTEMPORARY COLLECTIONS

Straight, graphic or sometimes curved lines, THG Paris contemporary bathroom fittings are pure and understated.

The chrome and pink gold finishes are ideally suited to this style.
