TIMELESS AND INTERNATIONAL SPIRIT

Presented for the first time to the international Exhibition of the decorative arts of 1925, the Art deco style quickly becomes more democratic. Art Déco in name and in inspiration, the artistically rich movement that THG Paris has drawn on for the design of this collection combines utility with purely decorative forms.

The Art Déco collection conveys a timeless, international spirit. Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

Art Déco is available in several versions: cross handles (A54), with levers (A55) and crystal with levers (A56).

TRANSITIONAL STYLE

This new term which originates from North America defines a style midway between the sophisticated aspect of the contemporary style and the elegance of the traditional style.

THG Paris transitional collections combine the comfort and warmth of the traditional style with the pure lines and understated shapes of the contemporary style.
