VALUABLE PIECE OF ART AKIN TO JEWELLERY

Halfway between the Art Déco and Charleston collections, the Tradition series is positioned as a valuable piece of art, almost akin to jewellery.

With its plugs, its multi-faceted diamond-shaped sides and three versions, one of which includes a crystal insert, this collection offers a varied range of retro styles.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

Tradition is available in several versions: cross handles (A57), levers (A58), crystal (A59).

TRANSITIONAL STYLE

This new term which originates from North America defines a style midway between the sophisticated aspect of the contemporary style and the elegance of the traditional style.

THG Paris transitional collections combine the comfort and warmth of the traditional style with the pure lines and understated shapes of the contemporary style.
