

LACQUERED ANTIQUE SILVER

Polished antique silver is a unique finish which adds a touch of authenticity while showcasing the design. It reinforces and contrasts decors, highlighting the contours of the tap fitting. Playing on the interactions between white-silver areas and dark areas, this finish enlivens transitional style collections.

Reference: H03

CHARACTERISTICS

This is a coating of pure gold, aged with a layer of brushed black nickel and then protected by a colourless polished coating which permanently fixes the vintage polished appearance and prevents any sulphuration of the gold. It is a fragile finish which requires gentle regular care in order to maintain its sparkle.

ADVICE

Ease of cleaning: Delicate
Corrosion resistance: Good
Scratch resistance: Delicate
Resistance to cleaning products: Good
