PERFECT DESIGN AND PURITY OF CRYSTAL

From Baccarat, THG Paris and Rémi Tessier's common values - search for perfection and excellence, was born the Beyond Crystal series. Available in several colors, the taps, which perfect design emphasises the purity of crystal, come alive through light.

Available for basins, showers and baths, with a coordinated accessories line, this series is available in a wide choice of finishes, including chrome, gold, soft gold, nickel, rhodium silver and rose gold.

CONTEMPORARY COLLECTIONS

Straight, graphic or sometimes curved lines, THG Paris contemporary bathroom fittings are pure and understated.

The chrome and pink gold finishes are ideally suited to this style.

RÉMI TESSIER

As a cabinetmaker, trained by the Compagnon du devoir for eight years, infatuated by materials and subtle proportions, the designer imagined at first the interiors of luxury boutiques before focusing on private developments. His insatiable curiosity naturally urged him towards new challenges, from private residences to interior design of yachts.

Based in Paris, Rémi Tessier now heads an international team of 15. Each project is completely unique to the one before in order to guarantee aesthetes worldwide the satisfaction of a truly bespoke service.
